

## 4.7 KW Grid Tie

### Go Green with this System

- ◇ *4700watt solar array*
- ◇ *5000 Watt inverter*
- ◇ *Roof top combiner*
- ◇ *Module to combiner wires*
- ◇ *Ground clips*
- ◇ *Integrated DC safety disconnect*
- ◇ *Rooftop mount racking (Flat against the roof)*
- ◇ *Just add the wire from the combiner box to the Inverter*
- ◇ *AC Wiring from the Inverter will need to be installed as per electrical code, wires owner and AHJ*
